This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE.

NEW methods call for new books. No class in history is now limited to a single text-book or given over to the prejudices of any single author. With an outline of facts, dates, and important events, we skim the cream from a dozen of the best writers on the subject, and so divide the work of selection as to arouse the thought and interest of every pupil.

Thus treated, the study of the history and literature of our country becomes what it should be to every American citizen — an absorbing and continually enlarging study.

For such work we have aimed to provide a convenient skeleton in the following pages. It may also prove helpful in reviewing the course, and as a book of reference for after use.

OF

UNITED STATES AND CONTEMPORARY HISTORY.

PIONEER EXPLORERS OF THE NEW WORLD.

Various efforts have been made to establish claims of other and earlier discoverers of the North American Continent. Historians are not fully agreed as to their validity or date. Still, in so far as they come to us from Government records, they command our confidence.

A.D.

432. Fu-sang (supposed to be America) visited by Buddhist monks from China, who explore the coast.

983. Eric the Red, an Iceland chief, plants a colony in Greenland, at Ericsford.

1000. Lief, son of Eric, with Bjarni and thirty-five men, sails along coast of Nova Scotia, Newfoundland, Labrador, etc., landing on an island near Cape Cod; makes permanent camp at Mount Hope Bay, Rhode Island, naming the country "Vinland."

1003. Thorwald, Eric's brother, leads a second expedition to Vinland, exploring Long Island Sound to New York harbor.

1007. The first European child born in Vinland was Snorri, whose parents were Thorfinn and Gudrid of Iceland.

1012. Fighting between settlers puts an end to colony of Vinland.

1170. Madoc, a prince of Wales, sailing westward, returned to report that he had left his men in a pleasant country.

1467. Columbus visits Iceland on a trading voyage.

ADVENTURERS AND DISCOVERERS.

1492. Columbus discovered San Salvador.
1493. Columbus' second voyage to America.
1494. Reputed voyage of the Cabots to Newfoundland
1497. John Cabot, from Labrador northward.

The Cabots, Sebastian and John (English), Labrador or Cape Breton to the Carolina coast.
Amerigo Vespucci, supposed voyage to North American continent.
1498. Marquis de la Roche (French), Nova Scotia.
Columbus' third voyage.
1499. Pinzon (Spanish) discovers Amazon River.
1500. Gaspar Cortereal's (Portuguese) first voyage.
1501. Cortereal, from Labrador northward.

1512. Juan Ponce de Leon (Spanish), Florida.
1513. Nuñez de Balboa (Spanish), sighted the Pacific Ocean.
1517.
1519. Francisco de Garay (Spanish), Gulf of Mexico to Mississippi River.
1520. Lucas Vasquez de Ayllon (Spanish), South Carolina.
1524. Giovanni da Verrazani (Italian navigator in employ of French), from North Carolina to Newfoundland.
1525.
1526. Pamfilo de Narvaez (Spanish), Florida.
1531.
1534. Jacques Cartier (French), Gulf of St. Lawrence.
1539–42. Hernando de Soto (Spanish), from Florida to Mississippi River.
1540. Francisco Vasquez de Coronado (Spanish), New Mexico.
1541. Jacques Cartier and Jean François de la Roche, called Roberval (French), Quebec.
1542. Juan Rodriguez Cabrillo (Spanish), Pacific coast to Oregon.
1546.

CONTEMPORARY EVENTS.
